CL20

Icemaker - Dice Ice Production
 22kg production, 6kg storage

General Information

CL20, the elegant compact mains connected icemaker produces 22kg of cubed ice per 24 hours with a generous 6kg insulated storage bin.

The exterior of the CL20 is constructed entirely from stainless steel, attractive, timeless and hygienic. The small foot print of the CL20 allows for easy installation under counter, behind the bar or counter top.

Key Features

- Vertical evaporator production
- Mains connected for fully automatic operation
- Dice shaped ice cubes
- Small foot print design for easy installation
- Intelligent electronic control system
- Adjustable ice thickness
- Electronic timer
- Self cleaning cycle
- Condenser air filter for easy maintenance

Construction

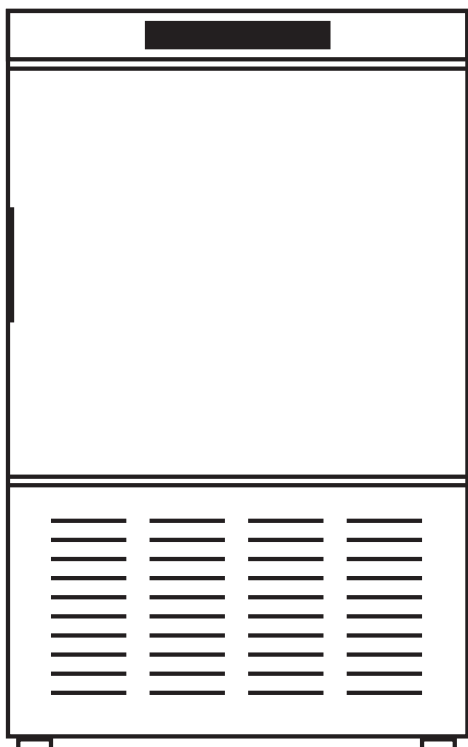

- Stainless steel exterior
- Insulated food safe plastic storage bin

Available Options

- H11MC carbon and scale inhibitor

Technical Data

Model	CL20
Production / 24 hours	22kg
Storage bin	6kg
Ice shape	Dice
Defrost type	Hot gas
Condenser type	Air
Evaporator	Static
External Dimensions	Width = 380 Depth = 470 Height = 600
Interior Finish	Food safe plastic
Exterior Finish	Stainless steel
Power supply	230v 50hz
Power rating	155w
Refrigerant	R290

Approvals	Available At	Document #
